

Using the iPhone and iPad App to read WILBOR eBooks

Step 1. Search the iPhone/iPad App Store for Overdrive Media Console and download the app.

Step 2. Launch the Overdrive Media Console app. In the upper right-hand corner, touch **Get Books**.

Step 3. On the row of icons at the bottom, touch **Settings**

Step 4. Touch **Authorize with Adobe ID** if the device is not already authorized. This step only needs to be done once.

Step 5. Either enter the Adobe ID and password you created previously in using WILBOR devices, or touch **Get Adobe ID**. Go through the Adobe ID process and enter your Adobe ID.

Step 6. On the row of icons at the bottom, touch **Get Books**

Step 7. Click the + sign next to **Add A Website**. This step only needs to be done once.

Step 8. In the Find A Library box, type **WILBOR**

Step 9. Scroll down and choose Des Moines Public Library

Step 10. Click to select the WILBOR icon.

Step 11. Choose your ePub book and go through the Checkout process.

Step 12. Touch **Download** to send the book to your iPhone/iPad. You're done! (note: You can only send the book to one device. You can't send it to more than one iPhone, or to an iPhone and iPad, for instance.)

Early Return. From the "library" (list of books) in the Overdrive Media Console app, touch **Edit** in the upper left corner. A column will appear, with a red **Delete** button. Touch **Delete**, then touch **Return and Delete**.
